Clinic staff

Patty Provider
MS
Patty has been treating hearing loss for the people of the Wind River Valley since 2003. Before pursuing a career in hearing care I was an Optician both in Cooper and in Bluffton. In my time as an Optician, and now as a Hearing Instrument Specialist, I realize how important our senses are to living an active life. Whether vision, or now hearing, the work I do with patients is an uplifting and rewarding endeavor in keeping patients connected to their friends and family with restored senses. I enjoy seeing a patient's face light up when they hear new things for the first time or first time in years...and that is priceless!

Hours of operation

- 73% of adults 65 and older use the internet

- 78% of consumers trust online reviews as much as personal recommendations

- Pew Research Institute, 2019;
BrightLocal, 2018

Traffic to the Healthy Hearing directory has grown robustly as more and more seniors go online. Research shows why: Older adults use the internet to carefully weigh their options before booking hearing care appointments.

Upgrading to a paid profile on Healthy Hearing signals to prospective patients that your clinic is accessible, responsive and highly qualified to provide expert hearing care. Our latest results show upgraded profiles receive **66% more phone calls** than basic profiles on average.
